This letter is in response to a request made by Ashley Carter of the FEC on November 18, 2011 for additional information/explanation regarding the Amended February Monthly Report (01/01/2010 - 01/31/2010) received 08/03/2011.

Concerning the independent expenditures on Schedule E which appear to be disseminated after the general election date; after reviewing our records we have discovered that the reimbursement to Kevin Niehaus for \$511.68 was for the 01/19/2010 transaction. The payment to Faulkner Strategies for \$102,707.58 was for the invoice dated 01/08/2010. The payment to Faulkner Strategies for \$191,251.57 was for the invoice dated 01/11/2010.

The independent expenditures were moved to Schedule E because there was an error and they were filed on the wrong schedule originally.

There was an error in filing the required 24 hour notices regarding 'last minute' independent expenditures; the notices were not filed.
